With the presentation of the 1949 issue of the **Sundial** to you, the students and faculty of Sunset, goes the wish that it will bring pleasure and happiness to all those who scan its pages. May it always revive the memories of your gayest and brightest hours in Sunset.

NANCY HARRISON

DEDICATION

Every student and teacher of Sunset was saddened last December by the loss of our friend and fellow Bison, Mr. W. A. Mangum. During his twelve years in Sunset, Mr. Mangum was loved and appreciated by all those who came in contact with him. So it is with greatest honor and respect that we dedicate this, the 1949 issue of the **Sundial**, to his memory.

To My Seniors:

Once during one of our out-of-town football games this past fall two of our players had been in the game about thirty minutes. This had been thirty minutes of hard, steady play. The coach pulled them both. One of these boys was a co-captain, the other was a backfield man. They both approached the bench at about the same time, and needless to say, were fairly well exhausted. The captain sat down first, but was suddenly aware that only one seat remained on the bench. The captain was on his feet instantly, and in the same moment saw to it that his player was on the bench. The captain sat on the ground. This is just one simple illustration where Sunset spirit prevailed--one time where a young gentleman's background of manners, courtesy, and thoughtfulness prevailed.

May I suggest to you, young men and young women of the Senior Class, that as each day presents itself to you that you remember the dignity of labor, the grace of gratitude, and that you dedicate your lives to the service of humanity and to God.

My very best wishes to each of you.

Sincerely yours,

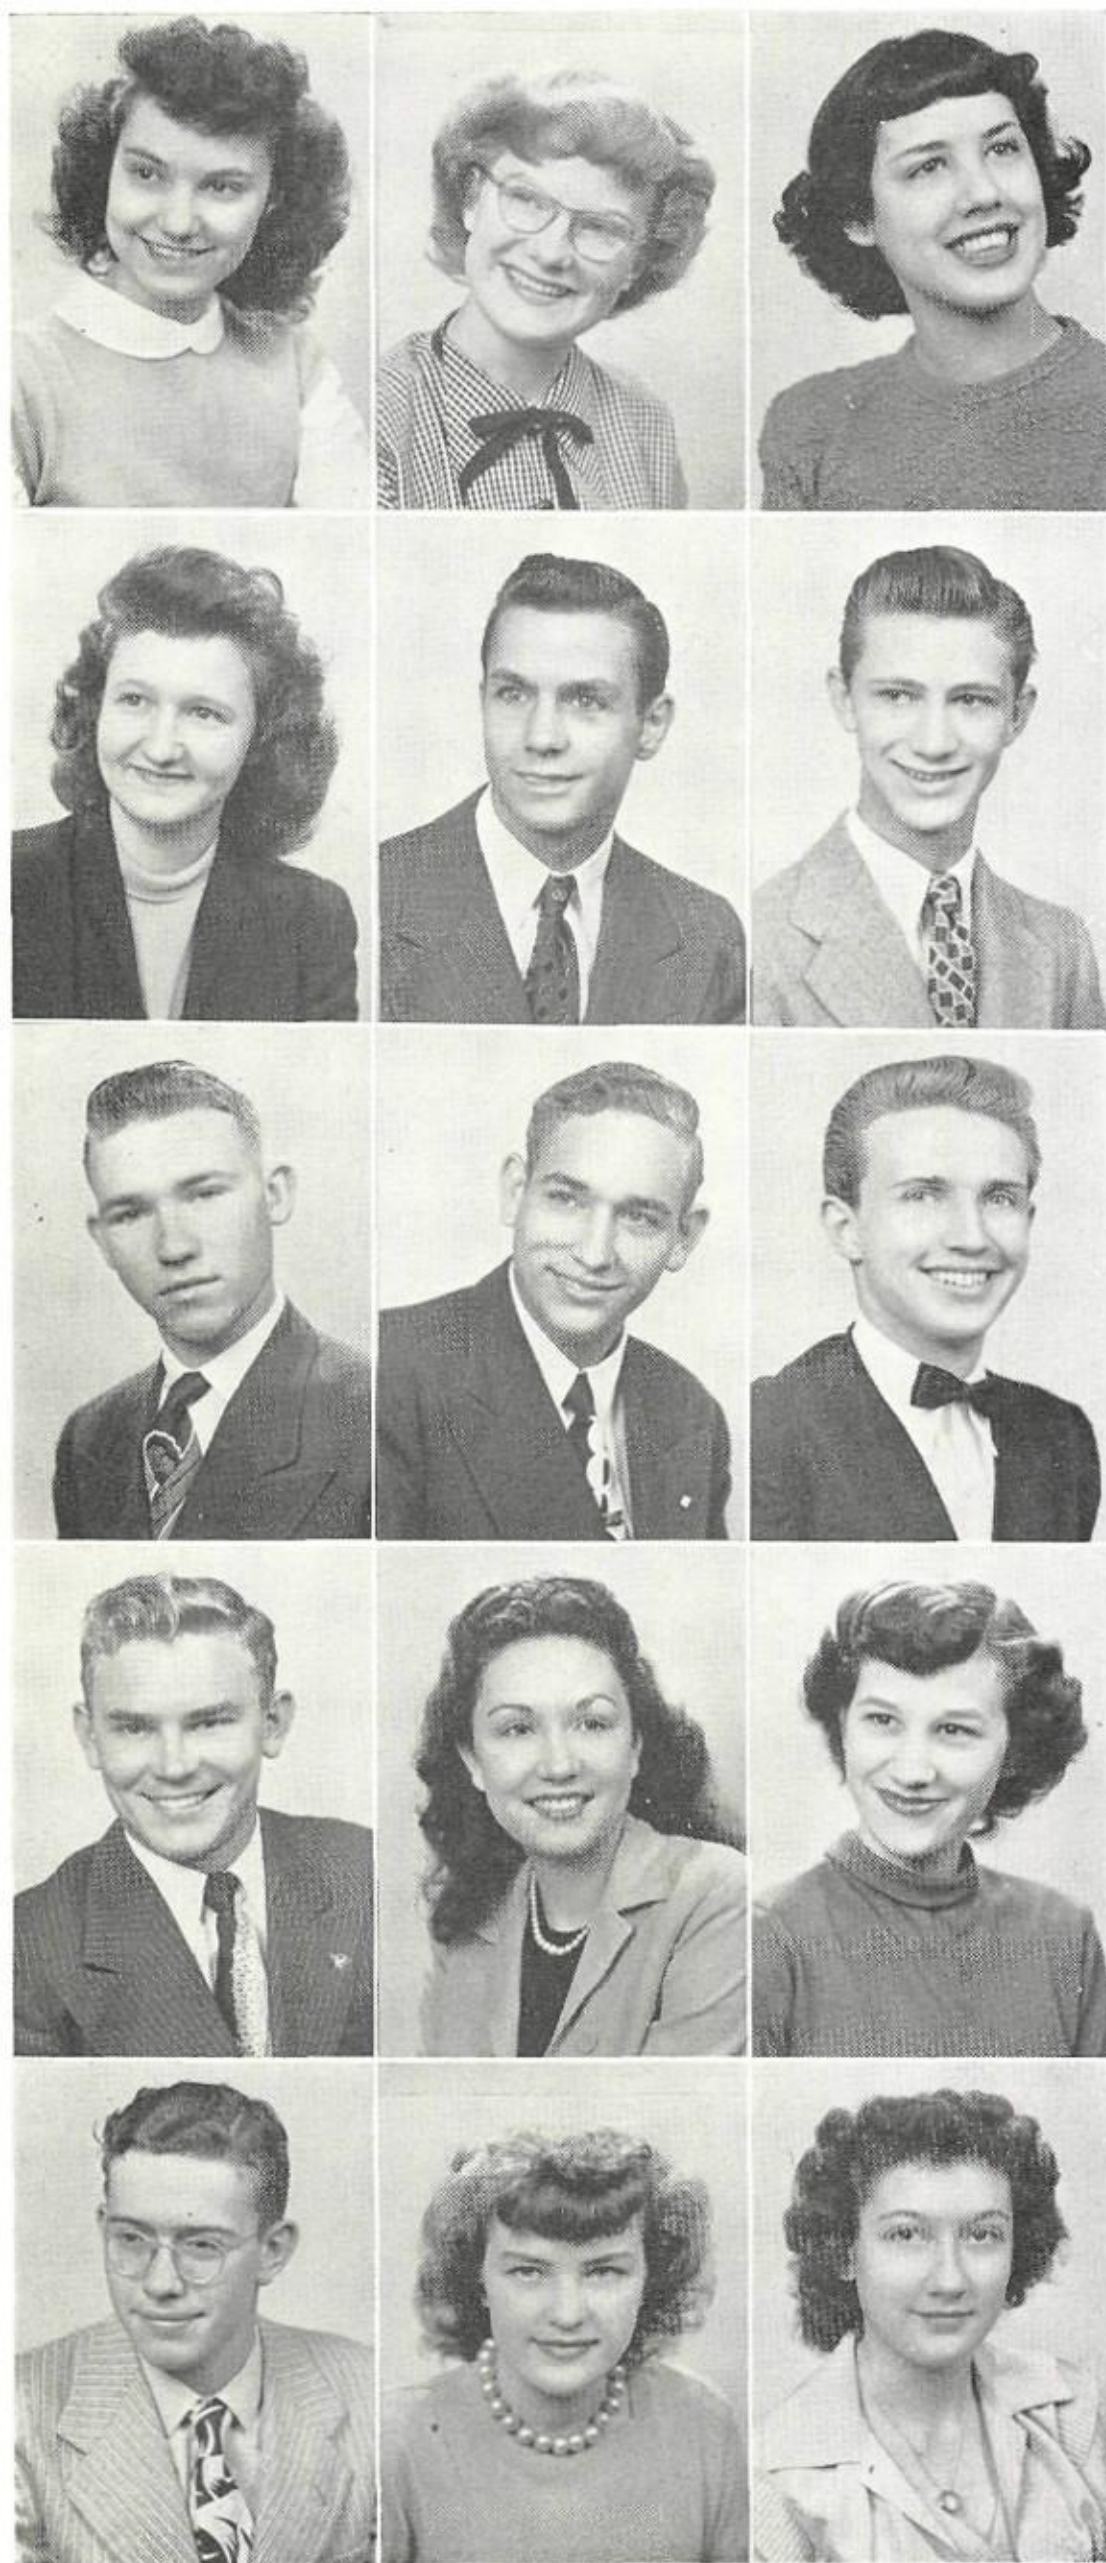

R. H. McKay

Dear Jimmy;

Here we are going to college, and I don't know what I might have said. But I might have said:

CONGRATULATIONS from me.

The two didn't get to be as close as we might during high school. — I moved off and we dropped correspondence for <sup>to</sup> a year. But now we must not ~~the Graduates~~ be juvenile anymore and ~~the Undergraduates~~ have spats.

I wish you ~~and the Faculty of~~ every success for your endeavors — don't study too hard — let's see a lot of each other now that we'll be so close. Congratulations on your good scholarship. (What a beautiful sentiment.) Sincerely, James <sup>(Campbell)</sup>
